Re: Fee Control #9610288165194005
#9610288165194006

Dear Mr. Olender:

This will respond to your petition for reconsideration filed on October 25, 1996, on behalf of Word of God Fellowship, Inc. (WOGF). WOGF seeks reinstatement, nunc pro tunc, of its application for two new television stations on Channel 19 at St. Cloud, Minnesota and Channel 23 at Morganton, North Carolina.

WOGF represents, and its documentation reflects, that it filed its applications on September 20, 1996, the cut-off date established for this service, and included with its applications two filing fees in the amount of \$2,915.00 each. On September 25, 1996, the Billings and Collections Branch returned WOGF's applications for failure to remit the proper fees. WOGF has submitted an affidavit from its president, Mr. Marcus Lamb, attesting to the fact that he had no knowledge of any fee increase, that he had attempted to ascertain the applicable fee requirement by checking the FCC's Web site on the Internet, by subscribing to Broadcasting and Cable Magazine, and by contacting the Commission's Television Branch on September 18, 1996, and being told by staff that the applicable fee was \$2,915.00. WOGF maintains that there are no competing applicants and that, under the circumstances, the Commission should "equitably resolve this issue in its favor by allowing it to resubmit the proper fee with its timely filed application so that it can serve the public interest by providing new NTSC TV service to these two communities."

The Commission's rules provide that filings subject to fees and accompanied by defective fee submissions will be subject to dismissal. See C.F.R. § 1.1116, 1.1112. WOGF submitted a fee in the amount of \$2,915.00. On September 12, 1996, the Commission's new fee schedule became effective, which adjusted the applicable fee from \$2,915.00 to \$3,080.00. Thus, at the time of WOGF's filing, its fee submission was defective and its application was subject to dismissal.

Robert L. Olender, Esquire

2.

This case is distinguishable from John Spencer Robinson, 5 FCC Rcd 5542 (1990), and Roy F. Perkins (William K. Durst and Odin M. Randolph, d/b/a Mid-South Communications) (OMD March 5, 1997), where the fee submissions were essentially caught in the transition between one fee schedule and another and thus rendered defective. Here, however, the Commission's new fee schedule was in effect prior to WOGF's filing. Though unfortunate, we find that the circumstances of this case are not comparable, and thus reinstatement, nunc pro tunc, of WOGF's application is not warranted.

Finally, we should point out that the Commission afforded public official notice of the applicable fee increases by publishing the adjusted fee schedule in the Federal Register. See Schedule of Application Fees, 61 F.R. 41966 (August 13, 1996). As acknowledged in WOGF's petition for reconsideration, it is well established that the Commission is not bound by the informal advice of staff or unofficial sources of information. See 220 Television, Inc., 81 FCC 2d 575, 577 (1980), see also Mary Ann Salvatoriello, 6 FCC Rcd 4705, 4707-08; Texas Media Group, Inc., 5 FCC Rcd 2851, 2852 (1990); Camelot, Inc., 61 FCC 2d 15, 16 (1976).

Based on all the foregoing considerations, WOGF's request for reinstatement of its application, nunc pro tunc, is denied. Accordingly, your request for waiver and refund of the application fee in the above designated matter is granted. A check, made payable to the maker of the original check and drawn in the amount of \$6,160.00 representing the combined fee payments WOGF made when it refiled its applications, will be sent to you at the earliest practicable time. If you have any questions concerning this refund, please contact the Chief, Fee Section at (202) 418-1995.

Sincerely,

Thomas M. Holleran

PETITION FOR RECONSIDERATION

Word of God Fellowship, Inc. (hereinafter "WOGF") through counsel, and pursuant to Section 1.106 of the Commission's Rules and Regulations, respectfully petitions for reconsideration of the staff's decision returning its timely filed applications for two new TV stations on Channel 19 at St. Cloud, Minnesota and Channel 23 at Morganton, North Carolina. In support thereof, the following is shown:

1. The Commission in its Sixth Further Notice of Proposed Rule Making in MM Docket No. 87-268 released August 14, 1996, established a window for filing new applications for NTSC TV stations thirty (30) days after publication of its Further Notice in the Federal Register [August 21, 1996]. The closing of the window was September 20, 1996. Pursuant to that directive, WOGF timely filed, on September 20, 1996, at the FCC's Lockbox in Pittsburgh, Pennsylvania, applications for NTSC TV stations on

Channel 19 for St. Cloud, Minnesota and Channel 23 for Morganton, North Carolina.¹ Each application was accompanied by a check payable to the FCC in the amount of \$2,915.00.

2. However, on September 25, 1996 the Commission returned the applications as unacceptable because the amount of the filing fee was insufficient due to a fee increase that went into effect on September 12, 1996 raising the fee \$165.00, from \$2,915.00 to \$3,080.00. Because the notification was sent after the window deadline, WOGF was not able to supplement its filing fee for the additional increase of \$165.00. Accordingly, WOGF's applications were rejected and its opportunity to file for these two NTSC stations was forever lost.²

3. The two key questions that emerge from this action are, is this EQUITABLE and is it in the PUBLIC INTEREST? WOGF submits that it is not in the public interest to return these applications, which were timely filed, since this action will deprive new NTSC service for these two communities. WOGF requests that its applications be accepted provided that no other applicant has filed for these communities in order to avoid any potential prejudice to another timely filed applicant.

4. Furthermore, WOGF submits it is inequitable for the Commission to reject its timely filed application merely because it was unaware that the Commission had increased the filing fee by \$165.00 eight (8) days prior on September 12, 1996. The increase in the FCC's filing fee was not widely known by the public. In fact, it was not

¹ WOGF filed a total of six (6) applications, but four (4) of those communities have competing applicants who filed. Therefore, this will give WOGF an opportunity to file on a B cut-off.

² The Commission in its Further Notice indicated that it will cease accepting applications for new NTSC stations thirty (30) days after publication of this Further Notice.

even known by the Commission's staff. WOGF was not utilizing legal counsel in the filing of these applications and therefore relied upon recognized public sources for its information.

5. Attached is an Affidavit from Marcus Lamb, President of WOGF, stating that he had no knowledge of the fee increase on September 12, 1996. However, Mr. Lamb is a frequent user of the Internet, checking daily for FCC matters, and he did not see any mention of the fee increase on the FCC's web site in that time period. In addition, as a subscriber to Broadcasting and Cable Magazine, he indicates that he saw no mention in that publication of the fee increase.

6. Furthermore, and most significant, is the fact that Mr. Lamb states that he contacted the FCC's Television Branch on September 18, 1996 to verify the correct filing fee. He was told that the filing fee was \$2,915.00, which he submitted with each of his timely filed applications. Therefore, it is inequitable for one division of the Commission's staff to reject these applications based upon the fact that another division of the Commission's staff misquoted the fee of \$2,915.00.

7. WOGF is aware of Commission precedent as set forth in Oregon Board of Higher Education, 2 CR 453 (1996), which states that "a person relying on informal advice given by the Commission staff does so at their own risk".³ However, WOGF was not seeking "advice" from the Commission when Mr. Lamb called to verify the filing fee

³ This ruling flies in the face of the FCC's recent public campaign to celebrate National Consumers Week with the opening of its National Call Center. Vice President Gore sent a letter to Chairman Hundt saying "The FCC has been a leader reinventing government through its efforts to achieve better customer service, worker accountability and empowerment..." Apparently, you can call "1-800-CALL-FCC", but don't rely on it? This is wrong!

for 301 applications. According to the American Heritage Dictionary the definition of advice is "opinion about a course of action". WOGF was not seeking an opinion about a course of action but simply a factual answer as to the dollar amount of the FCC's application fee. WOGF should be able to rely upon the response given by the FCC for this type of fundamental information, just as it is able to rely upon information provided by other governmental agencies such as the U.S. Census Bureau, Internal Revenue Service and Federal Aviation Agency. Checking with the FCC for the filing fee was an exercise of reasonable diligence on the part of WOGF.

8. The Commission has granted waivers from compliance with its cut-off rules, which far exceeds the relief WOGF is seeking, since it timely filed its applications, e.g. The Denton Channel Two Foundation, 85 FCC 2d 983 [49 RR 2d 427] (1981) involving extraordinary circumstances. Also, In Nazarene Theological Seminary Radio Corps, 52 RR 2d 539, 563 (1982) the Commission has stated that an applicant must demonstrate that it had acted with reasonable diligence. The facts herein reveal the presence of extraordinary circumstances and demonstrate that WOGF did act with reasonable diligence. See, Florida Institute of Technology v. FCC, 952 F2d 549 [70 RR 2d 423] (D.C. Cir. 1992) wherein the Court stated that reasonable diligence is grounds for waiving a filing deadline where there has been legitimate confusion. WOGF is not asking for a waiver, but only for permission to submit new checks for the correct filing fee to replace the checks accompanying its timely filed applications.

9. By permitting WOGF to retain its status as a timely filed applicant, the Commission will not violate the Court of Appeals ruling in City of Angels Broadcasting, Inc. v. FCC, 745 F2d 656, 660 [56 RR 2d 1459] (D.C. Cir. 1984), which upheld the

Commission's cut off rules as advancing administrative finality in aiding timely filed broadcast applicants by giving them a protected status. WOGF is not asking to have its application processed if a competing applicant has filed for these communities, but only if it is a single applicant. Thus, there is no need for the Commission to balance the equities and assess the fairness to a timely filed applicant of accepting an untimely filed applicant if it grants WOGF the ability to resubmit its timely filed application with the proper filing fee.

ACCORDINGLY, WOGF requests that the Commission equitably resolve this issue in its favor by allowing it to resubmit the proper fee with its timely filed application so that it can serve the public interest by providing new NTSC TV service to these two communities.

Respectfully submitted,

WORD OF GOD FELLOWSHIP, INC.

AFFIDAVIT

I, Marcus D. Lamb, am President of Word Of God Fellowship, Inc. (hereafter WOGF). I do hereby respectfully submit the following assertion under the threat of perjury. This affidavit is true and accurate to the best of my knowledge on October 8, 1996.

On behalf of WOGF, the Licensee of KMPX-TV 29 in Decatur, Texas, I did file 301 applications for the following:

- 1) Channel 19 - St. Cloud, Minnesota
- 2) Channel 23 - Morganton, North Carolina

The applications were timely filed in Pittsburgh, Pennsylvania. They were each accompanied by a check in the amount of \$2,915 each. I did not know that the fees for the 301 applications had been raised on September 12 to \$3,080. I didn't find out until our applications had been sent back to us. But by then, it was too late to re-file.

Here are some additional facts as they relate to our situation:

- 1). We did not have an attorney representing us in the filing of these 301 applications.
- 2). We had never filed a 301 application before or any other FCC application where you had to pay fees with a filing cutoff date. Therefore, we were not fully knowledgeable.
- 3). I called the FCC on Wednesday, September 18, 1996. I talked to Selina Ayers in the Television Branch and asked her how much was the filing fee for a 301 application. She told me that it was \$2,915. I also asked her if our money would be refunded if the Commission chose someone else's application over ours. She said that it wouldn't be refunded. I also gave her some file numbers to check on the status of some other people's applications.

The telephone company told me that the phone bill, that will have the record of that call, will be here in a few weeks. I can substantiate the call with that phone bill.

I called Selina Ayers again on Monday, September 30, and told her what had happened to me. She still didn't know that the fee for 301's had gone up. I think that it is interesting to note that when I told Selina that the 301 applications had been sent back, because she had told me the previous fee amount, she remarked, "Well, why don't you just send in the rest of the money?" That's what most people would think is reasonable. I asked her to write a statement for my appeal. She said she would if her boss, Mr. Clay Pendarvis, told her to.

- 4). When I called the FCC, I reasonably figured that since it was a government agency, that what they told me would be official, not "informal." That has always been my experience with other government agencies like: IRS, FAA, U.S. Census Bureau, Social Security Administration, Copyright Tribunal, etc. Therefore, we feel like we "exercised reasonable dilligence."
- 5). When I called the FCC, I did not consider my question of how much is the fee for a 301 application as "advice." The dollar amount of the fee of a government agency's application should be a statement of fact; not an interpretation, opinion, or "advice."
- 6). I have a printout of the entire Sixth Further Notice Of Proposed Rule Making which was released on August 14 and is 142 pages long. There is no mention of a fee increase for 301 applications.

There was no mention of a fee increase for 301 applications on the FCC's website on the Internet.

I am a subscriber to the weekly Broadcast & Cable Magazine which is like the "Bible" of broadcasting and there was no mention of a fee increase for 301 applications.

Therefore, after checking out those sources and then calling the FCC on September 18, we feel like we were "exercising reasonable diligence."

- 7). The FCC giving us the wrong information was a "circumstance beyond our control." This is especially true since I've pointed out our efforts of checking out other normal sources of FCC information that didn't mention the fee increase.

I feel like raising the fee at the last minute (September 12) of such an important cutoff (September 20), and with a lack of notice, is fundamentally unfair and asking for trouble.

- 8). WOGF sent in \$5,630 of the \$6,160 required for two 301 filings. The \$5,630 that WOGF sent in for two filings is more than enough to cover the new fee of \$3,080 for one 301 filing. Therefore, why not at least give us credit for one 301 application?
- 9). Grant of our motion for reconsideration will result in increased program and ownership diversity. Since this was an "A" cutoff list, a waiver grant will not result in the Commission being delayed or other applicants being prejudiced.

- 10). The Commission has the choice of going by either "The Letter of the Law" or "The Spirit of the Law." The FCC is a government agency paid for by tax dollars from citizens. We are supposed to be a "government of the people and for the people." Is it not a public interest objective to provide new TV service? Isn't that why these allocations exist? To deny these waivers would be to deny new TV service in these communities. Thank you for your consideration.

Sincerely,

2. If the applicant is an unincorporated association or a legal entity other than an individual, partnership, or corporation, describe in an Exhibit the nature of the applicant.

Exhibit No.

NOTE: The terms "applicant," "parties to this application," and "non-party equity owners in the applicant" are defined in the instructions for Section II of this form. Complete information as to each "party to this application" and "non-party equity owner in the applicant" is required. If the applicant considers that to furnish complete information would pose an unreasonable burden, it may request that the Commission waive the strict terms of this requirement with appropriate justification.

3. If the applicant is not an individual, provide the date and place of filing of the applicant's enabling charter (e.g., a limited partnership must identify its certificate of limited partnership and a corporation must identify its articles of incorporation by date and place of filing):

Date December 12, 1981

Place Atlanta, GA

In the event there is no requirement that the enabling charter be filed with the state, the applicant shall include the enabling charter in the applicant's public inspection file. If, in the case of a partnership, the enabling charter does not include the partnership agreement itself, the applicant shall include a copy of the agreement in the applicant's public inspection file.

4. Are there any documents, instruments, contracts or understandings (written or oral), other than instruments identified in response to Question 3, above, relating to future ownership interests in the applicant, including but not limited to, stock pledges or other forms of security, insulated limited partnership shares, nonvoting stock interests, beneficial stock ownership interests, options, rights of first refusal, warrants, or debentures?

☐ Yes ☒ No

If Yes, submit as an Exhibit all such written documents, instruments, contracts, or understandings, and provide the particulars of any oral agreement.

Exhibit No.

5. Complete, if applicable, the following certifications:

(a) Applicant certifies that no limited partner will be involved in any material respect in the management or operation of the proposed station.

☐ Yes ☐ No

If No, applicant must complete Question 6 below with respect to all limited partners actively involved in the media activities of the partnership.

(b) Does any investment company (as defined in 15 U.S.C. Section 80 a-3), insurance company, or trust department of any bank have an aggregated holding of greater than 5% but less than 10% of the outstanding votes of the applicant?

☐ Yes ☐ No

If Yes, applicant certifies that the entity holding such interests exercises no influence or control over the applicant, directly or indirectly, and has no representatives among the officers and directors of the applicant.

☐ Yes ☐ No

Section II - LEGAL QUALIFICATIONS (Page 4)

10. Does the applicant, or any party to the application, have a petition to migrate to the expanded band (1506-1705 (kHz)) or a permit or license either in the existing band or expanded band that is held in combination with the AM facility proposed to be modified herein? ☐ Yes ☒ No

If Yes, provide particulars as an Exhibit.

Exhibit No.

11. Does the applicant, any party to the application or any non-party equity owner in the applicant have, or have they had, any interest in:

- (a) a broadcast station, or pending broadcast station application before the Commission? ☒ Yes ☐ No
- (b) a broadcast application which has been dismissed with prejudice by the Commission? ☐ Yes ☒ No
- (c) a broadcast application which has been denied by the Commission? ☐ Yes ☒ No
- (d) a broadcast station, the license of which has been revoked? ☐ Yes ☒ No
- (e) a broadcast application in any pending or concluded Commission proceeding which left unresolved character issues against the applicant? ☐ Yes ☒ No

If the answer to any of the questions in (a)-(e) above is Yes, state in an Exhibit the following information:

Exhibit No.

- (1) Name of party having interest;
(2) Nature of interest or connection, giving dates;
(3) Call letters of stations or file number of application or docket; and
(4) Location.

12. (a) Are any of the parties to the application or non-party equity owners in the applicant related (as husband, wife, father, mother, brother, sister, son or daughter) to each other? ☒ Yes ☐ No
- (b) Does any member of the immediate family (i.e., husband, wife, father, mother, brother, sister, son or daughter) of any party to the application or non-party equity owner in the applicant have any interest in or connection with any other broadcast station, pending broadcast application or newspaper in the same area (see Section 73.3555(c)) or, in the case of a television station applicant only, a cable television system in the same area (see Section 76.501(a))? ☐ Yes ☒ No

If the answer to (a) or (b) above is Yes, attach an Exhibit giving full disclosure concerning the persons involved, their relationship, the nature and extent of such interest or connection, the file number of such application, and the location of such station or proposed station.

Exhibit No.

13. State in an Exhibit any interest the applicant or any party to this application proposes to divest in the event of a grant of this application.

Exhibit No.

OTHER MASS MEDIA INTERESTS

14. (a) Do individuals or entities holding nonattributable interests of 5% or more in the applicant have an attributable ownership interest or corporate officership or directorship in a broadcast station, newspaper or CATV system in the same area? (See Instruction C to Section II.) ☐ Yes ☒ No
- (b) Does any member of the immediate family (i.e., husband, wife, father, mother, brother, sister, son or daughter) of an INDIVIDUAL holding a nonattributable interest of 5% or more in the applicant have any interest in or connection with any other broadcast station, pending broadcast application, newspaper in the same area (see Section 73.3555(c)), or, in the case of a television station applicant only, a cable television system in the same area (see Section 76.501(a))? ☐ Yes ☒ No

If the answer to (a) and/or (b) above is Yes, attach an Exhibit giving a full disclosure concerning the persons involved, their relationship, the nature and extent of such interest or connection, the file number of such application, and the location of such station or proposed station.

Exhibit No. _____

CITIZENSHIP AND OTHER STATUTORY REQUIREMENTS

15. (a) Is the applicant in compliance with of the provisions of Section 310 of the Communications Act of 1934, as amended, relating to interests of aliens and foreign governments? (See Instruction D to Section II.) ☒ Yes ☐ No
- (b) Will any funds, credits or other financial assistance for the construction, purchase or operation of the station(s) be provided by aliens, foreign entities, domestic entities controlled by aliens, or their agents? ☐ Yes ☒ No

If the answer to (b) above is Yes, attach an Exhibit giving full disclosure concerning this assistance.

Exhibit No. _____

16. Has an adverse finding been made or an adverse final action been taken by any court or administrative body as to the applicant, any party to this application, or any non-party equity owner in the applicant, in a civil or criminal proceeding brought under the provisions of any law related to the following: ☐ Yes ☒ No

Any felony: mass media related antitrust or unfair competition; fraudulent statements to another governmental unit; or discrimination?

If the answer is Yes, attach as an Exhibit a full disclosure of the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), a statement of the facts upon which the proceeding was based or the nature of the offense committed, and a description of the disposition of the matter.

WOGF proposes to make a difference in its community of license and the surrounding areas through its unique programming. Based on our survey of the area, some of the issues of public concern that need to be addressed are the following:

- 1) Drugs - A hotline will be established.
- 2) Crime - A platform will be provided for Law Enforcement.
- 3) Teenage Pregnancy - A referral network will be established.
- 4) Gangs - Former gang members will be interviewed on TV.

The Commission's Integration Policy was vacated by the United States Court of Appeals for the District of Columbia Circuit in *Bechtel v. FCC*, 10F.3d 875, 887 (D.C. Cir. 1993) as "oarticularly without merit" and was determined to be "arbitrary and capricious."

- A. The Commission's Minority Preference Policy was affirmed by the Supreme Court of the United States in *Metro Broadcasting, Inc. v. FCC*, 110 S. Ct. 2997 (1990), however, Metro was specifically overruled in *Adarand Constructors, Inc. v. Pena*, 115 S. Ct. 2097, 2100 (1995).
- B. The Commission's Gender Preference Policy was set aside by the United States Court of Appeals for the District of Columbia Circuit in *Lamprecht v. FCC*, 958 F. 2d 382 (D.C. Cir. 1992), mandate issued, 1994 WL 49633 (Feb 9, 1994).

EXHIBIT L-7

WOGF does hereby make the following certification. If it will make the difference in the Commission granting WOGF's application, WOGF would offer to do any or all of the following to help the Commission implement Digital Television (DTV).

- 1) Change transmitter sites.
- 2) Use a different directional antenna and bearing.
- 3) Lower power in the direction of a DTV station.
- 4) Not have a second channel for DTV, but rather convert this NTSC channel to DTV when required.
- 5) Convert any channel granted now on NTSC above 51 to a NTSC channel below 51 later when one is turned back in by someone who converts to DTV.

WAIVER REQUEST

Word of God Fellowship, Inc. (WOGF) does hereby respectfully request a waiver of the "freeze" upon construction permit applications for vacant television allotments in order, Advancement Television Systems, RM-5811, FCC mimeo 4074, released July 17, 1987. In its order, the commission indicated that it would "consider waiver requests on a case-by-case basis for applicants which provide compelling reasons why this freeze should not apply to their particular situations or class of stations."

Since the adoption of the "freeze," the Commission has granted waivers of it, to permit the filing of other applications. (see e.g. KERN EDUCATIONAL TELECOMMUNICATIONAL CONSORTIUM, FCC file #BPET-960328KM).

WOGF proposes a very localized station with heavy involvement with the local community. We will make a strong effort to reach out to and involve minorities. WOGF will place emphasis on the creation of children's programming and far exceed the Commission's requirements. This waiver is fully warranted.

In addition to programming targeting localism, minorities, and children, WOGF will have a large amount of religious programming reaching out to people of all faiths. This will be the first TV station of this format in this community as well as in the whole TV market! Our surveys show a great need and demand for it.

A grant of these waiver requests by WOGF will result in the first TV service in: Morganton, NC; Hammond, LA; and Warner Robins, GA. They will also result in second TV service in: Vineland, NJ; St. Cloud, MN; and Pueblo, CO. Therefore, these waiver requests are in the public interest and fully warranted.

ENGINEERING STATEMENT

WORD OF GOD FELLOWSHIP, INC.
SAINT CLOUD, MN TV-19

September 1996

This engineering exhibit was prepared by David P. Thompson on behalf of Marcus Lamb, President, WORD OF GOD FELLOWSHIP, INC., in support of an application for Channel 19 serving Saint Cloud, MN. David P. Thompson has either prepared or directly supervised the preparation of the technical information contained in this engineering statement. The facts stated in this engineering statement are true to his knowledge, except as to such statements as are herein stated to be on information and belief, and as to such statements he believes them to be true. David P. Thompson is an Independent Telecommunications Contract Engineer; his qualifications are a matter of record with the Federal Communications Commission, and he is Chief Engineer for Word of God Fellowship, Inc.

The proposed station would be collocated with WWJO FM on their existing tower located at N 45-48-52 W 94-01-38. The tower has an overall height of 297m AGL. The ground elevation is 387m AMSL. The top of the supporting structure is 684m AMSL. The antenna is side mounted at 267m AGL, 654m AMSL. The site elevation came from a USGS, 7.5 Minute Series Topographical Map. The height above average terrain data used in determining the contour coverages came from the NGDC 30-second Topographic database. Exhibit E-1 shows the tower elevations.

A SWR model SWFP-30-ML/19 directional antenna with smooth null fill and 0.70 degree of beam tilt is proposed. The major lobe is pointed at 140 degrees with an ERP of 5012 kw. Exhibit E-2, E-3, E-4, E-5 give the information on the antenna.

Using this information, the City Grade, Grade A and Grade B coverages were determined. The Grade B contour covers an area of 15,603 sq. km. and a population of 364,043 people using 1990 Census data.

We are short spaced only to the allocation for Saint Cloud, MN TV-19. This allocation short spacing would be mutually exclusive. There are no other short spacings to this proposal. Exhibit E-6 shows this information. A request for waiver of the "freeze" on this allocation is included.

The proposed broadcast facility would have no significant environmental as defined 1.1307 of the FCC Rules. It complies with FCC-Specified Guidelines for Human Exposure to Radio Frequency Radiation. Exhibit E-11 shows the proposed station will contribute 0.7% to the allowed ANSI Standard. WWJO FM 25.1 contributes 0.1 % of the allowed ANSI Standard. The combined stations will not exceed the FCC Specified Guidelines. When operational the station will reduce power or cease operation as required to protect workers on the tower.

Enclosed are the applicable TV Broadcast Engineering Data, Section V-C and all exhibits.

Name of Applicant

WORD OF GOD FELLOWSHIP, INC.

1. Applicant is: (check one box below)

☐

Individual

☐

General partnership

☐

For-profit corporation

☐

Other

☐

Limited partnership

☒

Not-for-profit corporation

2. If the applicant is an unincorporated association or a legal entity other than an individual, partnership, or corporation, describe in an Exhibit the nature of the applicant.

Exhibit No.

NOTE: The terms "applicant," "parties to this application," and "non-party equity owners in the applicant" are defined in the instructions for Section II of this form. Complete information as to each "party to this application" and "non-party equity owner in the applicant" is required. If the applicant considers that to furnish complete information would pose an unreasonable burden, it may request that the Commission waive the strict terms of this requirement with appropriate justification.

3. If the applicant is not an individual, provide the date and place of filing of the applicant's enabling charter (e.g., a limited partnership must identify its certificate of limited partnership and a corporation must identify its articles of incorporation by date and place of filing):

Date December 12, 1981

Place Atlanta, GA

In the event there is no requirement that the enabling charter be filed with the state, the applicant shall include the enabling charter in the applicant's public inspection file. If, in the case of a partnership, the enabling charter does not include the partnership agreement itself, the applicant shall include a copy of the agreement in the applicant's public inspection file.

4. Are there any documents, instruments, contracts or understandings (written or oral), other than instruments identified in response to Question 3, above, relating to future ownership interests in the applicant, including but not limited to, stock pledges or other forms of security, insulated limited partnership shares, nonvoting stock interests, beneficial stock ownership interests, options, rights of first refusal, warrants, or debentures?

☐

Yes

☒

No

If Yes, submit as an Exhibit all such written documents, instruments, contracts, or understandings, and provide the particulars of any oral agreement.

The Commission's Integration Policy was vacated by the United States Court of Appeals for the District of Columbia Circuit in *Bechtel v. FCC*, 10F.3d 875, 887 (D.C. Cir. 1993) as "oarticularly without merit" and was determined to be "arbitrary and capricious."

- A. The Commission's Minority Preference Policy was affirmed by the Supreme Court of the United States in *Metro Broadcasting, Inc. v. FCC*, 110 S. Ct. 2997 (1990), however, *Metro* was specifically overruled in *Adarand Constructors, Inc. v. Pena*, 115 S. Ct. 2097, 2100 (1995).
- B. The Commission's Gender Preference Policy was set aside by the United States Court of Appeals for the District of Columbia Circuit in *Lamprecht v. FCC*, 958 F. 2d 382 (D.C. Cir. 1992), mandate issued, 1994 WL 49633 (Feb 9, 1994).

WAIVER REQUEST

Word of God Fellowship, Inc. (WOGF) does hereby respectfully request a waiver of the "freeze" upon construction permit applications for vacant television allotments in order, Advancement Television Systems, RM-5811, FCC mimeo 4074, released July 17, 1987. In its order, the commission indicated that it would "consider waiver requests on a case-by-case basis for applicants which provide compelling reasons why this freeze should not apply to their particular situations or class of stations."

Since the adoption of the "freeze," the Commission has granted waivers of it, to permit the filing of other applications. (see e.g. KERN EDUCATIONAL TELECOMMUNICATIONAL CONSORTIUM, FCC file #BPET-960328KM).

WOGF proposes a very localized station with heavy involvement with the local community. We will make a strong effort to reach out to and involve minorities. WOGF will place emphasis on the creation of children's programming and far exceed the Commission's requirements. This waiver is fully warranted.

In addition to programming targeting localism, minorities, and children, WOGF will have a large amount of religious programming reaching out to people of all faiths. This will be the first TV station of this format in this community as well as in the whole TV market! Our surveys show a great need and demand for it.

A grant of these waiver requests by WOGF will result in the first TV service in: Morganton, NC; Hammond, LA; and Warner Robins, GA. They will also result in second TV service in: Vineland, NJ; St. Cloud, MN; and Pueblo, CO. Therefore, these waiver requests are in the public interest and fully warranted.

ENGINEERING STATEMENT

WORD OF GOD FELLOWSHIP, INC.
MORGANTON, NC TV-23

September 1996

This engineering exhibit was prepared by David P. Thompson on behalf of Marcus Lamb, President, WORD OF GOD FELLOWSHIP, INC., in support of an application for Channel 23 serving Morganton, NC. David P. Thompson has either prepared or directly supervised the preparation of the technical information contained in this engineering statement. The facts stated in this engineering statement are true to his knowledge, except as to such statements as are herein stated to be on information and belief, and as to such statements he believes them to be true. David P. Thompson is an Independent Telecommunications Contract Engineer; his qualifications are a matter of record with the Federal Communications Commission, and he is Chief Engineer for Word of God Fellowship, Inc.

The proposed new tower located at N 35-39-27 W 81-24-24 will have an overall height of 139m AGL. The ground elevation is 531m AMSL. The top of the supporting structure is 670m AMSL. The antenna is side mounted at 130m AGL, 661m AMSL. The site elevation came from a USGS, 7.5 Minute Series Topographical Map. The height above average terrain data used in determining the contour coverages came from the NGDC 30-second Topographic database. Exhibit E-1 shows the tower elevations.

A SWR model SWFP-30-ML/23 with smooth null fill and 0.70 degree of beam tilt. The major lobe is pointed at 130 with an ERP of 5000 kw. Exhibit E-2, E-3, E-4, E-5 give the information on the antenna.

Using this information, the City Grade, Grade A and Grade B coverages were determined. The Grade B contour covers an area of 17,600 sq. km. and a population of 1,661,423 people using 1990 Census data.

We are short spaced only to the allocation for Morganton, NC. This allocation short spacing would be mutually exclusive. There are no other short spacings to this proposal. Exhibit E-6 shows this information. A request for waiver of the "freeze" on this allocation is included.

The proposed broadcast facility would have no significant environmental as defined 1.1307 of the FCC Rules. It complies with FCC-Specified Guidelines for Human Exposure to Radio Frequency Radiation. Exhibit E-11 shows the proposed station will contribute 2.8 % of the allowed ANSI Standard. The stations will not exceed the FCC Specified Guidelines. When operational the station will reduce power or cease operation as required to protect workers on the tower.

Enclosed are the applicable TV Broadcast Engineering Data, Section V-C and all exhibits.

FOR FAA USE ONLY: FAA will either return this form or issue a separate acknowledgement.

The Proposal:

- ☐ Does not require a notice to FAA.
☐ Is not identified as an obstruction under any standard of FAA Part 77, Subpart C, and would not be a hazard to air navigation.
☐ Is identified as an obstruction under the standards of FAA Part 77, Subpart C, but would not be a hazard to air navigation.
☐ Should be obstruction marked ☒ as required by FAA Advisory Circular 70/7460-1, Chapter 1.
☐ Obstruction marking and lighting are not necessary.

Supplemental Notice of Construction, FAA Form 7460-2, is required any time the project is abandoned, or

- ☐ At least 48 hours before the start of construction.
☒ Within five days after the construction reaches its greatest height.

The determination expires on _____ unless

- (a) extended, revised or terminated by the issuing office;
(b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit is made to the FCC on or before the above expiration date. In such cases the determination expires on the date prescribed by the FCC for completion of construction, or on the date the FCC denies the application.

NOTE: Request for extension of the effective period of this determination must be postmarked or delivered to the issuing office at least 15 days prior to the expiration date.
If the structure is subject to the licensing authority of the FCC, a copy of the determination will be sent to the agency.

Dear Sir/Madam:

Transmitted herewith, in triplicate, on behalf of Word of God Fellowship, Inc. is an Application for a New TV Station on Channel 19 at St. Cloud, Minnesota.

Attached is the requisite filing fee in the amount of \$3,080.00, together with a postage prepaid, self-addressed envelope for the return of a "stamped-in" file copy.

This application was previously filed with the FCC on June 20, 1996, but returned for insufficient filing fee. A Petition For Reconsideration has been filed this date, requesting reinstatement of that application nunc pro tunc.

Should further information be desired in connection with this application, please communicate with this office.

Very truly yours,

Robert L. Olender
